

NATA Membership

The Northern Air Transport Association is a member-supported non-profit organization representing over 30 operator and 50 associate members in 9 provinces and 3 territories across Canada. We advocate for the safest and most efficient possible operating environment in Northern and remote Canada.

NATA understands the needs of our members and the communities they serve. Our focus is the numerous small, mid-size, and specialty operators in all regions across Canada. Knowing the unique aspects of your operations allows us to better advocate for your interests.

NATA is an incredibly efficient and adaptive organization, which allowed us to react quickly to evolving challenges this year and still keep our member issues front and centre with various decision makers. We were a virtual organization before the term became common, our annual operating expenses total less than what many other organizations pay in rent. This is not a corona adaptation – this is NATA SOP.

NATA is and has always been a family – a family of operators and supporting industries facing the same issues and demanding the same results – “the safest and most efficient operating environment possible in Northern and remote regions of Canada”. We will not compromise, we will not ebb or soften in our efforts, they’re needed now more than ever. That’s where we call on you – our members and sponsors.

We’ve faced regulatory creep on every front this year and that is why we need to be more vigilant than ever as the buttress for and sometimes vanguard against over-regulation. Without NATA’s advocacy, there would be a significant gap in knowledge and interest relating to issues that are critical to our operators.

Please see our membership form attached with rates for various categories of operators (based on gross \$CDN operating revenue) and for associates. Existing members will notice the categories have been updated, so please be sure you are still in the correct group when you receive your invoice. If not, just let us know and we’ll adjust accordingly.

We also offer interested organizations the opportunity to become a NATA corporate sponsor. Please see attached sponsorship poster and we encourage you to contact us with any questions or for more information about how we can add value for your organization.

Thank you,

Glenn Priestley
